

Vinculada a Senas de identidad, tanto por lo que tiene de continuacion de un designio literario y de exploracion personal como por lo que de ruptura con ella supone, DON JULIAN (1970) es una pieza clave en la produccion de Juan Goytisolo. Centrada significativamente en torno a la mitica figura del conde godo que abrio la puerta de la Peninsula a los arabes, la novela es a la vez instrumento y testimonio literario de una valiente toma de postura, de una ruptura con las referencias y mitos creadores de la propia experiencia orientada a clausurar una via y emprender un nuevo camino tanto en el ambito intelectual como en el de la creacion.
