

The Herbal Medicine : Man Heal Thyself is a collection of ancient herbal remedies for healthy life that span several ages. Man has been in the dark and suffered severe afflictions as a result of separating himself from the nature. Herbal medicine is the oldest and at the moment the most widely used system of medicine in the today's world. It is medicine derived completely from plants. Its application cuts across all societies and cultures. Herbal medicine is being increasingly proven by scientific research that seeks to understand the chemistry of plants. The use of plant as medicine gives unparalleled advantages in treating many conditions. The use of herbal products is of global importance as a result of their low side effects, accessibility and affordability when compared with conventional medicine. One of the basic reasons that herbal medicine is so effective is that it is based on plants and our bodies accept them so rapidly.
