

Have you ever been overwhelmed by acronyms? Confused by technology? Inundated by irony, post-modernism, meta-ness and inexplicable catch phrases? If so, you are not alone. Like I Care is a novel that explores the interconnected stories of a large cast of characters, none of whom has any clue how to act in a world where feelings are best expressed in three letters or less, and " - even though it changes constantly and no one knows what exactly it is " being cool is the only currency that seems to be worth anything. A funny, biting and prescient satire of modern times, Stephen Guppy has written a novel that asks the question What the Hell is going on, and why don't I understand any of it?
