

Annie Le seemed to have it all. A beautiful graduate student at one of the worlds most prestigious universities, she was also deeply in love. But just days before she was set to get married, Annie went mysteriously missing and her fiance started to fear the worst. Raymond Clark III seemed like an average, all-American boy next door. He was a sports hero in high school, adored by friends and family. But he had a secret dark side and a history of violence that was about to come to light. Annie and Ray worked in the same lab facility. Security records indicated that, on September 8, 2009, Annie entered a restricted basement area followed by Ray. On the thirteenth, the date of her wedding, Annies lifeless body was found. DNA evidence at the crime scene was eventually linked to Ray. Why did he do it? What did Annie do to set him off? This is the shocking true story of a Murder at Yale.
