

This republication of a classic work contains a new introduction by Walter Brueggemann that places Gerhard von Rad's work within the context of German theology, Old Testament theology, and the history of interpretation of the Old Testament. In *Old Testament Theology*, von Rad applies the most advanced results of form criticism to develop a new understanding of the Bible. His original approach is now available once again in English. The Old Testament Library provides fresh and authoritative treatments of important aspects of Old Testament study through commentaries and general surveys. The contributors are scholars of international standing.

The Genealogists Internet: Third Expanded Edition, The martyrdom of man, Unveiling Your Future: Progressions Made Easy, Conspiracy to Murder: The Rwandan Genocide, Japan Quake - Surviving the 9.0, Superbike World Championship, ESSENTIAL OILS - 25 Aromatherapy Essential Oil Secrets to Boost Healing, Weight Loss and Beauty (BONUS: Free Buying Guide!)
