

When Brianna Honeywell finds herself humiliated at work and replaced as a break-time quickie by a poorly endowed boyfriend she jumps at the offer of a free vacation. The timing of the email from Transcendental Gratifications couldn't have been better. Soon she finds herself heading towards an island paradise in the South Pacific ready for some absolute peace and relaxation in the women-only resort. A week alone on an island with every need taken care of sounds like her idea of perfect pleasure – apart from the lack of sex. Even before she arrives, however, she starts to discover that she doesn't need a man to provide her with sexual pleasure and once she reaches the island she soon discovers that, not only is the location perfect, but whatever is living under the sand at the resort is capable of keeping her satisfied – in ways she had only ever dreamed about. This is an erotic short story of 7500 words intended for adults only.
