

Ike Rombout had to be in control“of her job, her life and especially her men. And with her intimidating look, including short, dark hair and a preference for tight black clothes, most men stayed away. Except former FBI agent William Caine“he walked where most men wouldnt. While working at Boston General, Ike found herself in the crosshairs of some very powerful men. And when a bullet meant for Ike kills someone she loves, William Caine discovered the perfect solution for a common enemy. A clean-cut military man had the job of transforming a rebel with a cause into his best-kept secret. Primped in flower prints and pastels, no one in the workaday world would believe this soft, innocent woman dreamed of revenge. But when Williams caution turned into concern, Ike wondered if he wanted the striking beauty in front of him, or the real woman inside“.
