

Bed quilts, lap quilts, cot quilts and throws: this collection of patchwork quilts is specifically designed for modern homes. The methods are all quick and easy, the colours are fresh and the results can be proudly displayed in bedrooms, conservatories and living rooms. The 26 patchwork designs come from five quilters with many years experience of making quilts and of passing on their expertise through lectures and workshops. Through their different themes they explore well-loved patterns with an individual twist. Each design comes with full, step-by-step instructions for cutting, assembling, quilting and finishing, backed up by photographs and diagrams. Shortcuts, such as rotary cutting and chain piecing, are used wherever possible, so that the designs are quickly made to be enjoyed at leisure.
