

Caring for an infant is a unique and challenging experience for any child care provider. The influence a child care provider can have on a baby's growth and development is monumental. The Baby Manual: A Quick Reference Guide to Baby's First Year is the child care provider's guide to infants and how to care for them. This baby manual offers practical tips and advice on all the major issues of caring for an infant, from what to do when a baby starts teething, to how to diaper an infant correctly, to communicating effectively with parents. This guide will help the child care provider address the physical, emotional, and cognitive needs of the infants in their care.
