

In The Forgiveness Doctor, renowned holistic physician and speaker Dr. Annette Cargioli reveals how your success in relationships, business and health is operated through and limited by your subconscious mind programming. She competently demonstrates and explains how your past emotional programming can lock you into repeated behavior that ultimately creates the same hurt, doomed relationships, failure, physical pain and disease. Dr. Cargioli walks you through the Four Steps of Emotional Polarity Technique to identify and release the exact hidden memory that is preventing you from creating the success, health and relationships you were destined to have. She will explain why forgiveness is the key component in Emotional Polarity Technique and how combining this one component with energy and intuition, can make miracles happen in your life right now. The Forgiveness Doctor explains how you can open your heart more every day to love more than you ever thought possible. You will learn how to stop creating your life experiences out of the energy of anger, sadness and hurt from the past and recover the love that you are, that you have always been and will always be. Youve been looking for a cure and The Forgiveness Doctor has it, healing for your body, mind and spirit. This is not where you thought you were going. Its so much better.
