

Excerpt from The Journal of Philology, 1882, Vol. 10 The epithet aquosus as applied to the Esquiline hill by Propertius has not been rightly interpreted by commentators. They suppose that the hill was so called from its springs and marshy ground, and refer to Yarros statement (L. L. v. § 49) that its name was derived from the cesculeta which grew upon it, as proving that marshy ground occupied at least a part of the slopes. But neither of these explanations is satisfactory. Yarros derivation of Esquili? from the cesculeta which grew there seems improbable, and Mommsen R. H. Bk. i. ch. 4, and Corssen Lat. Spr. Yol. IL p. 1023 are probably correct in taking the true derivation to be from excolince the suburban district, as inquilinus from incolo and sescenti from sexcenti. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
