

It's tough learning to be a wizard in a world that doesn't believe in magic. But Amethyst Rey finds out that dealing with other wizards is even tougher. If they don't try to steal her power, they want to turn her over to shadowy government agencies for experimentation. Or even worse, they want to marry her. Welcome to the Land of Enchantment, New Mexico, USA. Where prickly, treacherous wizards come as thick as tumbleweeds after a good rain and trouble comes even thicker. Familiar Magic There's a predator hunting wizards. Magic has become unstable and radioactively hot. Now that Amethyst Rey has come into her power, the question is which will catch up with her first—her wizardly stalker, or a world-shattering explosion of magic. Do You Believe in Magic (short story) An unexpected new career. A hunky new boyfriend. Two flirtatious neighbors. A spell that spins out of control. How much more complicated can things get? For Amethyst, a lot more complicated, because people are about to discover that magic and wizards are real. Crooked Magic Wizards are back and selling their services to the highest bidder. Amethyst has just been outed as a wizard, and now she's on the auction block, too—whether she wants to be or not. This Magic Moment (short story) Take one wager, two wizards, a questionable attraction, mix in a wild magical duel through the streets of Albuquerque, and what do you get? A marriage proposal gone very, very wrong. Could It Be Magic Two wizards in love. What a perfect match! If only it were that simple! Could It Be Magic contains intimate scenes appropriate for ages 18+
