

Our 2nd edition Wisconsin 3rd Grade Math Test Prep for Common Core State Standards is an excellent resource to assess and manage students understanding of concepts outlined in the Common Core State Standards Initiative. This resource is formatted into three sections: Diagnostic, Practice, and Assessment with multiple choice and open questions in each section. The material covered includes emphasis on representing and solving problems involving multiplication and division; understanding properties of multiplication and the relationship between multiplication and division; multiplying and dividing within 100; solving problems involving the four operations, and identify and explain patterns in arithmetic; using place value understanding and properties of operations to perform multi-digit arithmetic; developing understanding of fractions as numbers; solving problems involving measurement and estimation; representing and interpreting data; and reasoning with shapes and their attributes. These standards are covered extensively by the practice problems. This book contains over 500 practice problems aligned to each Common Core State Standard. In addition the book contains an answer key to practice problems. Paperback: 218 double-sided pages Publisher: Teachers Treasures, Inc. Language: English
